Policy Case Writing				上久保 誠人
授業の概要				
<p>This course aims to help students learn how to research and write a documented research paper. Firstly, students can study Harvard Kennedy School's Case Method in order to understand how to select and focus on particular case. Then, students can learn how to analyse case by using comparative method. Finally, Finally, they write up an academic paper. Through this process, students can have an experience of research and writing an academic paper.</p>				
到達目標				
<p>• This course is designed to study effective research skills; how to select and focus on a particular case; how to organise an academic paper; and how to make, support and document an argument. By the end of this course, students will have gained knowledge about how to:</p> <ul style="list-style-type: none"> <li>- Select a particular case and construct a research question</li> <li>- Use Harvard case method to write a case paper</li> <li>- Use Mill's comparative method to write a research paper</li> <li>- Put the above process together and write a documented research paper</li> </ul>
